Kidney Foundation of Western New York

Patient Support Programs

The Kidney Foundation of WNY is dedicated to increasing community awareness of kidney disease while educating, supporting and advocating for those we serve.

In keeping with this mission, the Kidney Foundation of WNY offers programs and services for the support of patients with limited means within the eight counties of Western New York. Requests for the below services should be made through patients' social workers. Applications will be reviewed by the Patient Support Committee. Assistance will be granted based upon patients' demonstrated financial need and the availability of funds.

Social workers may send applications by email to jmorlock@kfwny.org or by mail to Kidney Foundation of WNY 4444 Bryant and Stratton Way, Williamsville, NY 14221. Kidney Foundation Director Jeremy Morlock can be also be reached at 716-529-4393.

Patients' personal information will be kept confidential. Non-identifying information will be used to evaluate program effectiveness and report upon the program's reach.

Emergency Financial Assistance
Financial assistance grants are provided to dialysis and kidney transplant patients to assist with short-term, one-time emergency needs such as food, utility payments, rent and/or medication. The maximum grant amount is $150 per patient per year. Payments will be made to vendors, not to the patient. Emergency financial assistance should not overlap with an individual's use of the Kidney Foundation of WNY Transportation Assistance or Nutritional Supplement programs.

Nutritional Supplements
Nutritional renal supplements are provided on a short-term basis to dialysis patients in order to prevent or treat nutritional deficits. The Kidney Foundation of WNY will send packages of supplement powders and/or drinks to the patient's dialysis center.

Transportation Assistance
Short-term grants are available to dialysis and transplant patients to offset the cost of transportation to and from treatment centers. The grant can cover a limited period at a maximum of $100 per month. The assistance is meant only to subsidize the cost of transportation (such as paratransit and public transit) or gasoline to and from treatment sites.

Medical Identification Jewelry
The Kidney Foundation of WNY will order and purchase a medical identification bracelet or necklace for a transplant recipient or dialysis patient. This identification jewelry can provide critical information in the event of a medical emergency.

Nutritional Supplement Application

Nutritional renal supplements are provided on a short-term basis to dialysis patients in order to prevent or treat nutritional deficits. If an application is approved, the Kidney Foundation of WNY will send 24 units of supplement powders and/or drinks to the patient's dialysis center, to be distributed to the patient by the dietician. The dietician or social worker may reapply if continued assistance is needed.

The patient must have an albumin below 3.5 when calculated by the BCG method or 3.2 when calculated by the BCP method, documented by a dietitian or physician. Please include documentation of albumin levels for a period of three months. If this documentation is not available, please provide as much data as possible.

Transportation Subsidy Application

Short-term grants are available to dialysis and transplant patients to offset the cost of transportation to and from treatment centers. The grant can cover limited period at a maximum of $100 per month. The assistance is meant only to subsidize the cost of transportation (such as para transit, public transit or car services) or gasoline to and from treatment sites.

Please note: The applicant must not receive reimbursable transportation assistance from any other source and all avenues for Medicaid reimbursement must be pursued before applying for this subsidy. Social workers should inform the Kidney Foundation of WNY of any change in a patient's dialysis or treatment status which may affect program eligibility.

Date of Application:_____

Patient's Name:_____
Patient's home address:_____
Patient's Phone: _____

Social Worker's name:_____
Treatment facility name and address:_____
_____
Phone: _____

How many times per week does the patient travel to facility?_____
What is the distance (one way) from the patient's home to the facility?_____

Applicant is requesting (check one):
A. _____ Fuel/toll subsidy $_____round trip
B. _____ Public transit/para transit subsidy $_____round trip

Requested subsidy amount ($100 maximum): $_____

I certify that the information above is correct to the fullest extent of my knowledge and that all alternative sources of transportation funding/reimbursement have been explored.
